## Sale of Mk 14 Components Ltd

After 12 years of supplying parts for Lotus Elites, (including Coventry Climax engine parts and other associated spares for period vehicles - mostly Lotus - of the late fifties and early sixties), I have decided to step back and retire. I am very pleased to announce that I am passing over all my stock of parts, tooling, body moulds, patterns etc and the goodwill of the company to William Blacklidge - a younger owner!

Will is well versed in Lotus Elites as he has been brought up with Lotus in his blood. His father has an Elite and an Elan and has been UK registrar of Club Elite for many years. Will also has an Elite, which has been undergoing a ground up restoration for the past couple of years and he has a good knowledge of the car, and I therefore anticipate that he will continue to provide good service to Elite owners worldwide. He has set up his company close to his home in Frome, Somerset – address details as follows:

I will continue to be involved for a couple of months or so, to help with the transition to the new ownership and to advise on technical matters. In the meantime, I will endeavour to make the transfer as easy as possible and will be pleased to help and advise on any Elite matters.

Happy motoring!
